

Planning, Building or Environmental Health?

development services ◀

What permit do I need for my house, shed or business? Sometimes it can be difficult to know where to start with Council requirements.

The following diagram lists the more common developments and issues, and where the best place is to start in dealing with Council.

PLANNING

- Dwellings in rural areas
- Subdivision and multiple dwellings
- Larger developments
- Native vegetation
- Signage
- Heritage
- Liquor licensing

BUILDING

- Dwellings in urban areas
- Sheds, farm sheds, and outbuildings
- Building and works
- Universal accessibility
- Shipping containers
- Illegal buildings

ENVIRONMENTAL HEALTH

- Septic and wastewater systems
- Food, health, accomodation in retail areas
- Food safety and registrations
- Transfer of registered premises
- Public health complaints
